## MAY 19TH THE DATE.

### Sociability Auto Run Will Then Reach McCook.

Further information from Denver states that the "sociability run" of the Denver Chamber of Commerce will reach McCook on the evening of May 19th, the party making the run here on the 19th from Sterling, Colorado. The party will leave Denver on the 18th.

There will be approximately 40 cars in the party and about 80 people. Chicago is their eastern destination.

Arriving here in the evening the cars will be "parked" here, the party will take supper, remain over night, and after breakfast on the morning of the 20th will depart for the east.

A piloting party from McCook will meet them at Imperial, and they will be piloted on east, possibly to or near Holdrege.

This will be an interesting event for this city and a luminous advertisement for the Omaha-Denver Trans-Continental Route and every reasonable effort should be made to have the road in the best possible condition and to treat the party with every courtesy and consideration, to the end that this route may be properly advertised to the east and those who will later be making auto trips across the state to Colorado and the west.

The commercial club will doubtless offer such courtesies as may be acceptable to the members of this great touring party.

### Initiated a Class.

A team of ten members of McCook Council No. 1126, Knights of Columbus, went over to Grand Island, Saturday night, and on Sunday initiated a class of 48 members in that city. Frank Real, district delegate, was in charge of the work. Those composing the team from McCook, who put on the degree work are: Frank Real, John Murray, Chas. Skalla, C. J. O'Brien, F. M. Colfer, C. F. Lehn, Joseph Harr, T. F. O'Connell, J. A. Colfer and J. R. Stansberry.

### Carriers and Clerks Meet.

The annual convention of post-office clerks and carriers was held in Omaha, Monday. Postmaster Cone was among those present and was one of those responding to toasts at the ensuing banquet. Clerk E. J. Brady of the local office was a member of the clerks' committee on resolutions.

### Wall Paper That Satisfies At Prices That Save.

This is our motto and we would like to show you. We have the stock of paper and invite your inspection. The cut-out border is the rage now and we are prepared to do the perforating to order.

There are this year one hundred and thirty-one Redpath-Horner Chautauquas. Last year the number was seventy-two. Six years ago it was nine.

## Several Small Wells.

The city authorities have been making some tests in the valley south of the present nest of wells and have demonstrated the presence of plentiful supply of water there. So have decided to begin the sinking of several small wells. It is proposed to connect these small wells up and pump from them—this tending to keep the points clear and open. Mayor Hostetter states that they have no fear but that they will be able to supply water plentifully during any season when the new wells are in commission. This expense will not be large and the location of these wells can be changed as necessities require. Work will be commenced at once on these wells in order that provision may be made in advance for the dry season of mid-summer.

### Liberty Brush Autos

are reliable and dependable. Just the car for doctors, traveling salesmen and contractors, also best car for the farmer. The Liberty Brush at \$350 provides the cheapest method of transportation known.

The city council will hear tomorrow night, the remonstrances against the issuance of liquor licenses to the six applicants in our city. Strange, but the remonstrances were not filed by temperance advocates, but by those unused to the practice even of temperance habits.

Scientists state that the reason a lost man goes in a circle is traceable to the fact that his right foot stands at a different angle than his left. Women's right ankles are weaker and curve inwardly more than their left ankles do. High heels?

The Redpath-Horner Chautauquas cover seven states: Nebraska, Kansas, Oklahoma, Colorado, Wyoming, Texas and South Dakota. The two last named were included on the list only this year.

In our line of wall papers, harmony costs no more than discord. Have a look at the sample books.

New England Kitchen open May 4th.

Everything in drugs. McConnell.

McConnell for drugs.

## A TOUCH OF NATURE.

A cut-out border to the wall adds a charm to a room impossible with an ordinary frieze. It suggests out of doors; living things. The effect is natural rather than artificial. We have a well selected line of borders for perforating and the machine to cut them out. Can perforate them for paneling or carrying out any decorative idea you may have.

The portfolio of color schemes will show you how they look on the wall.

L. W. McCONNELL, Druggist
